Mark your calendars for our Third Annual Lodge Barbeque

The Stewards' Bash

June 29th 11am—4pm

Requested Donation: \$10

Bring your family and friends!

(Don't forget your appetite because we don't send people home hungry)

This summer celebration and barbeque has become a significant event and does help us operate our lodge as we have become accustomed. For the many members and their family and friends that have so enjoyed the Annual George Washington's Day Fish Fry in February — this June barbeque is similar in function and gives us a chance to meet with each other as fraternity and family before we head off on our vacations and other summer activities. Ribs, Pulled Pork, Chicken & Dogs with all the extras.

We initiated 2 new brothers into our fraternity on April 4th with Brother Brian Moffat, our Junior Warden, sitting in the East.

Our newest Entered Apprentices are Bro. David Buono (on the left in the tan shirt) and Bro. Bobby Taylor (on the right in the blue shirt).

Come to Lodge and greet your newest brothers, enjoy a meal with share your Masonic interests and experiences with all present.

We have received another petition for the 3 Symbolic degrees and will likely initiate that candidate in early May. Watch our Website (www.nitram188.org) for more information.

**Nitram Lodge Stated Communications are held on the 2nd and 4th Thursdays.
Called Communications are held on the 1st, 3rd and 5th Thursdays.**

Brethren,

Upon the Square

"We inherit the past and we create the future."

While traveling recently, my wife and I were discussing Masonry and she was surfing the internet on her smartphone. She came across a site from the Prince Hall Grand Lodge, which had a section about The Builder Magazine. The Builder Magazine was published from 1915 through 1930 by the National Masonic Research Society. In reading the article as we were driving I felt it important to pass along to you the wisdom discovered there. We can learn a great deal from our past Brethren, such as Pike, Mackey, Ford, Drummond, Parvin and many others.

The simple quote noted above caught my mind's eye. How true this is. When we speak about our families and children we are talking about the future. When we teach the masonic lessons and confer degrees we are laying the foundations of the future. We have the wonderful Lodge that we have because of the wonderful hardworking brothers who came before us.

The Builder Magazine covered some amazing ground in the first two editions we perused. I was great to listen to her reading to me as I drove. The miles flew by and the writing was such pure joy to hear. It is a crying shame that no-one writes like that anymore. Don't go looking for illustrations or pictures as they do not contain any. Some of the verbiage is a bit arcane, particularly in the poetry, but once you read them with the proper cadence the words make a magnificent dance in your mind.

I encourage you to read "The Builder" and I challenge you to bring to the Lodge a Masonic Education presentation some night soon. Even if it is just to read one the articles. Here is a web address where you can find all the years and all the articles; http://www.phoenixmasonry.org/the_builder_1915-1930_toc.htm .

Lastly, teach your children how to survive in the world. Stress education will set them apart from the rest. Always teach a work ethic it only takes a little bit of extra effort to surpass the average. Learn common sense, honor, respect and loyalty. These are the noble virtues, we as Masons, expect in one another; and thus we should teach our new Brethren the same virtues –"we create the future."

FROM THE SIDELINES

From Br. Robert Hirsch, Hiram #6, Fredericton N.B. and Nitram #188

As I journeyed back north to Canada for the summer months, I was thinking about the camaraderie at Nitram 188. To my fellow northerners who come to Florida for the winter, I wish that they would visit Nitram for themselves and experience the universal fellowship of the Craft.

That is a wonderful thing about masonry, that a brother may come from virtually anywhere in the world and be welcomed with open arms. My mother lodge in New Brunswick only differs in cosmetic ways, so that except for the southern accents and a few "ehs" in the conversation, you might not know where you were..

The work at Nitram is performed as flawlessly as any other lodge I have visited. Worshipful Scott, you have a fine bunch of young officers.

It is not all work either. I hear that the local Applebees may have to lay off one or two of the staff when the lodge goes dark for the summer. And, then, there was the fish fry in February. We had a large number of Canadians at that one and I know that they will all be back next year and more of them..

Until we meet again on the level,.

Br. Bob

Reflections from our Historian, W.: Art Wasserman, PM

Nitram Lodge celebrated its 88th birthday on April 25th. The pictures shown are of some of our older Past Masters. Our present lodge building is, in large part, attributable to these brothers.

Happy Birthday

On the Level

Brothers,
 May, as most of you know is time for the Annual Grand Lodge Communication, or as we tend to refer to it, simply "Grand Lodge". Your three principal officers will be attending, as well several of our Past Masters and other interested brothers. The main purposes of the Communication are to elect and install the Grand Line officers for next year, and to vote on the legislation that has been proposed by our fellow Florida Masons. Nitram will be discussing the proposed legislation and voting upon it at our first Stated Communication this month, on Thursday, the 9th. Your principal officers will then vote at Grand Lodge to match what the Lodge has decided. If you are interested in knowing more about what has been proposed, and having a say in how Masonry is governed in our state, please come out and help us decide.

We are also planning to have both an Entered Apprentice Degree and a Fellowcraft Degree this month, although the order will depend on the availability of our Musician, Bryan Shuler, as his son is the candidate for the Entered Apprentice Degree. Those of you who know Brother "Fingers" will not want to miss that! We will make sure to send out a communication when the date is confirmed.

From the West,
 Bill Sundquist, Senior Warden

Recognition. Again this year, two of our brothers took part in the annual *Bike MS* ride sponsored by the National Multiple Sclerosis Society, Mid-Florida Chapter. **W.:.Ney Delgado**, a Past Master of Nitram Lodge, and **Bro. Brian Moffat**, our Junior Warden, rode 105 miles from Bok Tower in Lake Wales to Lake Bryan near Orlando on Saturday, April 20th, and then rode another 82 miles back to Bok Tower on Sunday the 21st. Both raised significant money for this charity that means so much to them and to many other of our brothers and their families. Yes, brothers, we're sure both will ride again in 2014, so think of them when you don't know what to do with that little bit of extra cash in your wallet next year!

Well done, Brothers!

"First Saturday Breakfast"

May 4th, 9am to 11am

Eggs, Toast, Hash Brown Potatoes, Grits, Pancakes,
 Biscuits & Sausage Gravy, OJ, Coffee & Hot Tea
And a whole bunch of fellowship around the table!

All for a modest donation of \$5.00
 Bring your friends and family!

By the Plumb

T::A::F:: Brothers,
 April has been a busy month for your lodge and there have been some very exciting changes occurring. Come by your lodge and check them out, see what we are doing to improve the building as well as improve the fraternity. Our annual Stewards' BBQ is right around the corner. We will have the BBQ on June 29th this year and hope to see all of you there. I promise to make it an exciting and fun time for you and your family, come join us for a great time and some great food.

Brothers I have been greeting you with T::A::F:: and I now wish to explain its meaning to all of you. It is an abbreviation for the phrase Triple Abrazo Fraternal which translated into English means Triple Fraternal Embrace. It originated in many Spanish speaking lodges as a greeting given to the brethren to show brotherly love and affection to fellow Masons, I greet you all with this to show my fraternal affection and love to all of you.

Bro:: Brian Moffat
 Junior Warden

Brothers: You may cut these tickets out and bring them to the door where you may make your requested donation. **If you wish to pre-pay**, send your BBQ donation to the Secretary and print your name on the back of the tickets. **As always, additional tickets will be available at the door.**

Secretary's Scribe

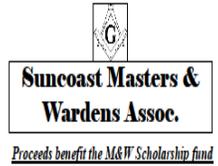

My Brothers,

May is here and spring has sprung. It is getting very nice weather wise. Many of us start their spring cleaning or sprucing up around our homes. Well, your Lodge is also looking at doing the same. Many areas need our attention and a committee has been formed to identify all of these and start the implementation of such. Some of the items that have been identified are not really within the Lodges budget, but still need to be done. So, if you find a possible extra few dollars that you could spare, please send your Lodge a donation and specify building fund or Masters Project. It would be greatly appreciated.

Yes I am again going to mention dues. We still have around 40 members outstanding with their 2013 dues. Come on Brothers, save your Lodge some stamps. Send in your dues before the 1st required notice comes out in June. Speaking of June, your elected officers will be coming back from Grand Lodge at the end of May and will be reporting to the membership as to the comings and goings there. Watch the June issue for this report.

Be safe in all your travels

At the present day, we find much uncertainty as to what Freemasonry is or means. Some call it a religion; others, merely religious.

From our Chaplain's Desk.

Some say its fundamental dogma is monotheism; others add immortality of the soul or even resurrection of the body; some consider it Christian; while still others aver that, fundamentally, it has no religious doctrine at all.

Many think of it almost as a temperance society or one of pharisaic morality; {Sic} (meaning excessively or hypocritically pious); others as a patriotic society to uphold the flag, the Constitution, and the public schools.

Not a few regard it as a charitable or benevolent institution, at least, expecting it to care for them in old age.

Some look upon the lodge as a holy place; others as merely a private room where the ceremonies may be performed in secrecy.

Some never tire of the ritual and have mastered it so thoroughly that the least slip of a word or phrase gives pain; others are soon surfeited and care little to hear it oft repeated.

Many take the ritual literally; others symbolically; while a few, with no thought about it either way, perfect themselves in its rendition in order to gain that eminence which comes from passing through the chairs.

Some see all sorts of meanings in the symbols; others see only the symbols themselves.

Some become immersed in the history of the Fraternity; others in its philosophy of life; and a few work out of it a fine and exalting spirituality.

Some sense a strong bond of brotherhood; others find only a social club or place to meet for diversion; some merely scent the aroma of a dinner; while some find nothing whatever in the order and soon lose contact with it.

Surely, if Freemasonry is a jewel, it is a diamond with many facets.

The Masonic meaning of LIGHT:

The symbolism of light has many philosophical, psychological and spiritual implications. Every Mason of every degree claims that light is what he seeks, and Masonry promises to deliver it in some measure, though it also instructs its members that further light must be sought beyond the traditional instructions and explanations of its ritual. In this context, Masonry alludes to the light of insight and understanding. An important Masonic reference to light regards its prominence in the act of creation, as recorded in the first chapter of Genesis.

ESTATE PLANNING:

When planning your estate, please remember your Lodge in the context of your Masonic obligation. Specify Nitram Lodge #188, F&AM when making out your Will or Trust. Or, perhaps split your donation between the Masonic Homof Florida and Nitram Lodge by designating specifically to both. Charity is part of our way of Life.

By your thoughtful donations, your Lodge will benefit for many years, especially if you designate your funds to be applied appropriately.

If you have questions about how best to designate your gift, please contact our W.:M.:, Secretary or Treasurer.

PRINCIPLES OF FREEMASONRY

Freemasonry is a fraternal organization dedicated to Brotherly Love, Relief and Truth.

Brotherly Love: How a man chooses to practice his personal religious beliefs is left entirely up to him, but Freemasonry recognizes the strong bond which unites all people under One Creator. Our members include men from a wide range of religious backgrounds, but each of them shares a commitment to this important principle.

Relief: Because of our strong bond of Brotherly Love, Masons provide Relief to help those who are in need. This includes the notion of charity, and Masons provide much assistance to worthy charities, but it also means offering a helping hand, in other ways, to people that need assistance.

Truth: As Masons, we are committed to being honest and truthful with other people. The Masonic Fraternity teaches a man to be faithful to his responsibilities to God, his Country, his fellow man, his family and himself. The Masonic principle of Truth also teaches a man to search for wisdom and understanding. For only in this way can he grow and become a better person. The pursuit of knowledge is at the very heart of our purpose.

Some of the other bodies through which to gain knowledge in Masonry

We encourage our brothers to join these bodies as they feel necessary but remind each brother of his obligation to his Blue Lodge. Each brother is encouraged to attend our Stated and Called Communications, at least periodically.

To Brothers,
 It sure was great to sit in Lodge again and be reminded about what a fine Lodge Nitram is. BTW any brother who wants to visit the holy land has a standing invite here. I am all of 15 minutes by car from Nazareth in the Yizrael valley. Freemasonry is alive and well here. We get Brothers from all the world over in Lodge. Some guys from the Phillipines who are serving the UN as Peacekeeping troops along the Syrian border come to Lodge.
